PROVIDER**HEALTH**SERVICES.NET

One of the reasons PHS has a reputation for excellence is that we actively engage and collaborate with our corporate partners to help them achieve their business goals, while elevating the quality of care to seniors.

We do this by focusing on those areas where intelligent, responsible collaboration and innovation can make a positive difference for patients and their families, and our corporate partners.

- **Quality of Care**
- **Quality Improvement**
- **Legal and Regulatory Compliance Programs**
- **Business Enhancement**
- **Market Differentiation**
- **Patient and Facility Staff Satisfaction**

Revolutionizing Senior Care. Transforming Lives.

Advantages of working with a PHS practitioner:

- Reduces avoidable hospitalizations and provides a higher acuity of care
- Augments current staff, making quality care more accessible for residents
- Works with physicians and assists with their patient's care while in your facility
- Makes rounds-following the guidelines of your facility
- Performs annual history and physical assessments
- Assesses residents, reviews medications, orders, laboratory tests, and consultant recommendations in a timely manner
- Attends to acute and chronic problems presented in residents on a daily basis
- Provides call coverage for all of the residents/patients in the facility
- Supports marketing efforts in the local area
